Fairy Dust is Magical

...and so is the feeling that comes from helping those less fortunate.

If we lived our lives like a fairy tale and good deeds produced a happy ending, the world would truly be a better place.

The Fairy Godmother's Fund at the South Dakota Community Foundation gives you the opportunity to perform good deeds to turn lives around for South Dakota women in need. It provides flexible, accessible funds to improve the health and well-being of women with limited resources. Donations directly address immediate, short-term and critical needs not met by traditional funding options.

There are no grant applications, long forms to fill out or financial papers to complete. The process is very simple.

How It Works

- The Fairy Godmother's Fund is managed and invested with the South Dakota Community Foundation.
- The funds stay in South Dakota.
- The funds will be directly paid to benefit women in need.
- The funds are available throughout the year.

We Come from a Strong Background

The South Dakota Community Foundation was formed in 1987 as a challenge from the McKnight Foundation and 3M Corporation to the people of South Dakota to match a \$5 million dollar gift. The challenge was accepted, and the South Dakota Community Foundation now serves as the only statewide community foundation in South Dakota. The SDCF manages and administers endowment funds, and the earning from those funds support charitable causes throughout the state. The Fairy Godmother's Fund was the first Field of Interest Fund at the SDCF, offering financial assistance to numerous nonprofits with an emphasis on women's services.

Become a Fairy Godmother

Through your contribution to The Fairy Godmother's Fund, you can leave a legacy for South Dakota women. With your involvement, this can be a never-ending story of people helping people.

First-time contributors of \$100 or more will receive a "Fairy Godmother" lapel pin that can be worn to spark interest among other women.
