

Study of the South Dakota Nonprofit Sector

Size and Scope, Financial Patterns and Economic Contributions

Why Do This Report?

1. The importance of data for and from rural places.
2. Improve data on the nonprofit sector.
3. Gain data using primary sources.
 - National Center for Charitable Statistics collects IRS 990's for all filing nonprofits in the US.
 - Obtained files for all filing nonprofits in each of the states in the U.S. for an 8-year period, cleaned and analyzed for the basis of this report.

Focus of the Study

Public Charity

- Receives funding from many sources
- Earns income for services provided
- May provide support to other public charities

There are 6,637
nonprofit organizations
in South Dakota.

Private Foundation

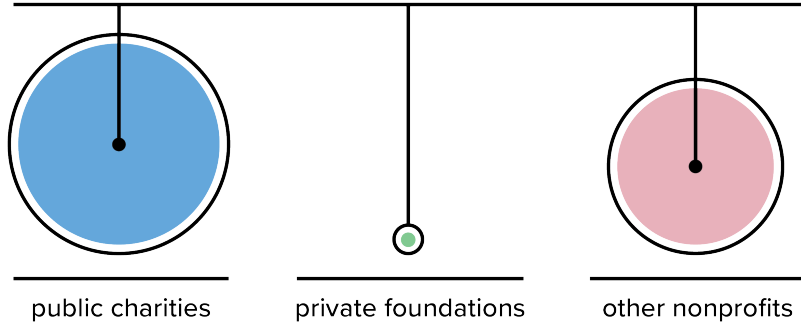

- Single primary source of revenue
- Chief activity is grant making to other organizations

Other Organizations
